Comments: "...As an open-minded candidate, I felt it would be better to tell you a little about my philosophy....I believe that our city currently has gained a reputation and the perception of divisiveness in our community. My perspective is that I do not feel it is the purpose of city government to take a position on social issues and should defer to laws that already exist at state and federal levels....."

Will Perkins

Did not return questionnaire.
The following are previously published quotes by Will Perkins:

"They'll tell you everyone needs protection from discrimination (as if everyone has the right to demand a job, or demand to be rented to)."

(CFV Report, Vol.2, March 1993)

"hate crimes" bill----I found myself the only person testifying against the awful law, which would turn our government into politically correct "thought police."

("A word from Will Perkins", sent to CFV supporters)

"Homosexuality is not morally, ethically, or legally equal to heterosexuality. It is understood that all citizens of America have equal rights by virtue of their American citizenship; the rights and priveledges accorded citizenship do not extend to the behavior of homosexuality."

(from the CFV Resolution for Community Standards; *Gazette Telegraph,* July 26, 1995)
